Project: The SFPUC is replacing a portion of an existing large diameter water transmission pipeline (College Hill Pipeline) which runs from the College Hill Reservoir; through SFPUC's Right of Way; and onto to Cortland Ave at Prospect (see *map on other side*). The project also includes the installation of new vaults, improved road access (within the reservoir area) & electrical upgrades.

Schedule: Construction will begin Fall 2021 with an estimated duration of 18-24 months.

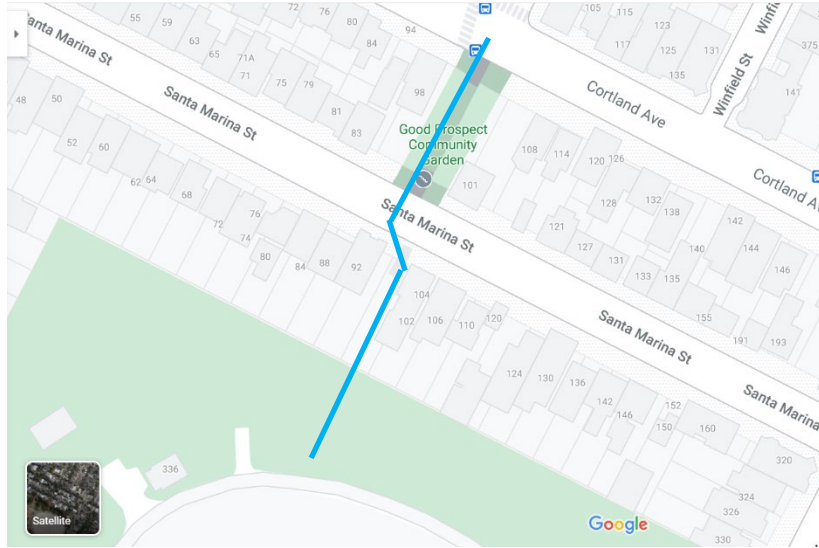

Who: The contractor working for the SFPUC is Ranger Pipelines.
